

Some of the scientific literature, available in English, used in the research and development of Max-Immun products:

Fachet et al.: Modulation of immune responses and defense against tumor by a polymannan-polyglycan polysaccharide; Mannozym; Int.J.Immunopharmacol. 1980; 2, 185.

Lapis, K. et al.: Experimental metastasis inhibition by pretreatment of the host; In: Arch Geschwulstforsch., 1990; 60(2): 97-102.

Ladanyi, A., Timar, J., Lapis, K.: Effect of lentinan on macrophage cytotoxicity against metastatic tumor cells; In: Cancer Immunol Immunother, 1993; 36(2): 123-6.

Zákány, J. et al.: Effect of lentinan on tumor growth in murine allogeneic and syngeneic hosts; Int. J. Cancer; 1980, 25, 371-376.

Suga et al.: Effect of lentinan against allogeneic, syngeneic and autologous primary tumours and its prophylactic effect on chemical carcinogenesis; In: Manipulation of Host defence Mechanism III. Eds. Aoki et al.: Excerpta Medica; 1985, 116-128.

Fachet,J: Effects of mannozym, a polyglucan-polymannan, on different immune responses and resistance to tumor; In: Adv. in Immunopharmacology. Ed. By Hadden et al. Pergamon Press, 1981. 483.

Zákány, J. et al: Mechanism of the AIPh.MCS1 tumor graft rejection in syngeneic mice; Gann. 1983, 74, 712-722

Suga et al.: Effect of lentinan against allogeneic, syngeneic and autologous primary tumours and its prophylactic effect on chemical carcinogenesis; In: Manipulation of Host defence Mechanism III. Eds. Aoki et al.: Excerpta Medica; 1985, 116-128.

Sipka, S. et al.: Effect of lentinan on the chemiluminescence produced by human neutrophils and the murine macrophage cell line C4M?; Int.J. Immunopharmacol., 1985,7, 747-751.

Ábel Gy.et al: Effect of lentinan and mannan on phagocytosis of fluorescent latex microbeads by mouse peritoneal macrophages: A flow cytometric study; Int.J.Immunopharmacology; 1989, 11, 615-621.

Ábel Gy.et al.: Effect of lentinan on pinocytosis in mouse peritoneal macrophages and the murine macrophage cell line C4MI in vitro; Int.J.Immunopharmac,1986, 8, 919-924.

Kerékgyártó, Cs.et al.: Strain differences in the cytotoxic activity and TNF production of murine macrophages stimulated by lentinan; Int.J.Immunopharmacology, 1996, 18, 347-353.

Fachet,J.et al.: Potentiation of non-specific host defense by polysaccharides like lentinan: possible mechanism; Int.J.Immunotherapy, 1989, 5, 167-176.

Fachet,J.et al.: Potentiation of non-specific host defense by polysaccharides like lentinan: possible mechanism; Int.J.Immunotherapy, 1989, 5, 167-176.
